Your commitment to us, in addition to your financial support, is that you will arrive at scheduled pick-up locations on time. This is vital both for the freshness of the vegetables, which are often harvested the day of delivery, not to mention the sanity of our site hosts! Should you miss a pick-up within the published times, we cannot guarantee the availability of your box. If you give us **at least a week's notice** before a delivery day, we can make alternate plans for up to two make-up boxes (substituting late-season produce or Circle M Homestead Meats).

Call 608-558-0501 for urgent business on delivery days.
